ITALIAN-BRITISH NOTE MAY OFFSET POINCARÉ MESSAGE

London, May 7.—Possibility of a joint Italian-British note to Germany differing radically from that sent Sunday by France and Belgium was discussed by London leaders today as the Cabinet met to consider the reparations situation.

After the Cabinet discussed the matter of a note to Germany, it was indicated this would be forwarded during the week.

Manifesting British-Italian accord the press reflects a heated resentment understood to have been felt by the Government when Premier Poincaré went right ahead with a reply rejecting the latest German reparations offer, without consulting Britain.

For two days, Lord Curzon, acting British Premier in the absence of Bonar Law, sought to have the note held up and made a joint Allies' document. Although the French delayed delivery of the note out of deference to Lord Curzon's wishes, the French and Belgians refused to change its tone of flat rejection of the German offer and finally sent it forward.

Berlin, May 7.—Germany took heart from dispatches indicating Great Britain is sending a supplementary reparations note and refuses to accept as final the Franco-Belgium version of her latest proposal.

Hope of finding a middle ground expressed by officials here. The German Government will probably withhold reply to the attitude of France and Belgium until the note from Great Britain arrives.

EDWIN FLEGAL IS WINNER IN FINAL MARBLE CONTESTS

Edwin Flegal, Robert Shull, and Fred Fletcher, the three high school boys in the marble contest, were invited to appear at the Jordan Hotel at 6:15 to be the guests of the Commercial Club at dinner.

Secretary Pierce of the local Y. M. C. A. had the time of his life Saturday morning engineering, umpiring and keeping the peace between the 49 contestants who lined up for the opening gun at the preliminaries for the marble shooting contest scheduled for the day on the lawn back of Junior High School building.

There were six classes and those entering the finals for the different classes were as follows:—
No. 1. F. Fletcher.
No. 2. A. Peck.
No. 3. E. McKivaine.
No. 4. R. Shull.
No. 5. R. Thorne.

FISHERMAN TELLS POLICE HE SAW FATAL HAZING

Chicago, May 7.—John A. Strom, a fisherman, today told Evanston police that he witnessed the slaying of Leighton Mount, Northwestern freshman, declared to have been killed by hazing.

Strom informed Police Chief Leggett that he saw three young men, apparently students, carrying a youth to the lake, duck him, and talk of pouring sand in his mouth and then tossed him into the pier, a short distance from the one where Mount's skeleton was found. This Strom asserted was on September 21, 1921, the day of Mount's disappearance immediately after the sophomore-freshman class gank.

Leggett stated he accepted the story with many reservations. The police chief declared, however, that parts of it dovetailed with other evidence.

FRANCE DEMANDS THAT GERMANY MEET HER EVERY DEMAND

Paris, May 5.—France demands unconditional surrender. Germany must meet the French terms for reparations in every detail.

A note to this effect, replying to Germany's latest proposal was completed by Premier Poincaré today.

Details of the government dispatch were finally agreed upon and today a copy was sent to Belgium for the personal and agreement of Foreign Minister Jaspar, who agreed fully with Poincaré and went even further in bolstering the French attitude.

Washington, May 5.—France's protest against the enforcement of the Supreme Court decision barring foreign ships from carrying liquor in American waters was delivered to Secretary of State Hughes today by Ambassador Jusserand.

Jusserand called in person at the State Department and spent some time with Hughes. Neither official would comment on the conference. Later it was intimated the exact nature of the French protest would be revealed.

Visitors To The Hospital On Saturday Will Find Many Items Of Interest

Visitors to Clearfield Hospital will find many things to interest them on May 12th, National Hospital Day when Clearfield Hospital will join with some 5,000 others throughout the United States and Canada in inviting friends and neighbors to come in and get better acquainted.

For instance the average person looks on a hospital as merely a place where the sick are treated, but as a matter of fact the curative work is but a detail of hospital service. The hospital is an educational institution of prime importance for it is the place in which the young physician puts in his final year of medical study, it is the place where every fledgling nurse learns her profession, and finally it is the place where the public is taught to keep well.

If you haven't thought of Clearfield hospital as a teaching institution

U. M. W. OF A. VOICES ITS DEMAND BEFORE COAL COMMISSION

Washington, May 6.—Complete unionization of the bituminous industry and the abolition of "open shop" operation in the West Virginia and other states should bring about cessation of strikes and elimination of coal shortages, officials of the United Mine Workers declared in argument filed with the United State Coal Commission and made public today.

The arguments were prepared by William Greene, the international secretary-treasurer, and Philip Murray, its vice president, in response to the recently indicated desire of the commission.

Mr. Murray, in his statement, declared the commission, "by an aggressive and fearless attitude can compose all differences which exist in the organized mining sections," by guaranteeing the right of miners to organize and bargain collectively through the United Mine Workers or other union system, he said. Miners would achieve "uniformity of wages and working conditions and regularity and continuity of employment." The union, he added, has no purpose of establishing revolutionary or working class control of the mines but does "demand a voice in the control of the coal industry."

DUBOIS MAN DIES AS THE RESULT OF CAR ACCIDENT APRIL 20TH

DuBois, May 7.—Joseph Bogle, a well known miner of Shaft No. 1, died Saturday morning, at 10:30 o'clock as the result of injuries that he sustained in an automobile collision on April 20th. The accident happened near the Luthersburg cemetery where the turn is made off the state road to go onto the Troutville highway. Mr. Bogle was employed at a mine near Luthersburg and was riding home at the time of the accident when he was driving along the road at the intersection when another car said to have been driven by a resident of Sykesville, crashed into his machine with terrific force, sending the lighter car over across the road. Mr. Bogle was caught in such a manner as to receive very severe injuries. He was picked up immediately and brought to the hospital, being accompanied by the man who struck him.

"For a time Mr. Bogle appeared to be getting along very nicely and it was believed for a time that he would ultimately recover, but recently he suffered a back set and his condition grew rapidly worse until he died at the time stated.

WITNESS IN FLOGGING CASE DIES SUDDENLY

Tallahassee, Fla., May 6.—Charles Poppell, principal witness against two county officials here in the investigation growing out of the death of Martin Tabert, of North Dakota, died suddenly at Quincy, near here, last night, while en route to Pensacola to appear before a federal grand jury, it was learned tonight.

Poppell was to testify before the federal body in connection with a peonage case developed during the investigation into Tabert's death, which was being made by a joint committee of the Florida legislature. As a result of the inquiry Sheriff R. J. Jones was ordered removed from office, while the governor had recommended similar action against County Court Judge B. F. Willis.

CHINESE BANDITS CARRY OFF MANY FOREIGN TOURISTS

Pekin, May 6.—Bandits killed one foreigner and carried off 150 passengers in a raid near the Sian-ung border in the Tientsin-Puka railroad today. Miss Aldrich, of New York, sister-in-law of John D. Rockefeller, Jr., and daughter of former United States Senator Nelson Aldrich, was among the passengers, but her fate is unknown.

The foreigner killed is believed to be a Russian. The minister of communication late today telegraphed General Tsao-King and the civil military governors asking that troops be sent to surround the bandits.

London Report
London, May 6.—Three hundred passengers, including some foreigners, were carried off by bandits who early today carried an express train from Puko to Tientsin at Licheng, Shantung, a Reuters dispatch says. One foreigner was reported killed and 23 Chinese and six foreigners were said to have escaped.

On Tour
New York, May 6.—Miss Lucy Aldrich, sister of Mrs. John D. Rockefeller, Jr., left New York last winter on a tour of the world, accompanied by a traveling companion, it was said today at the home of her brother, Winthrop W. Aldrich, Wall Street lawyer. No word has been received from her recently it was said.

New York, May 7.—Reports reaching the Standard Oil Company of New York today indicated that the woman included among the Americans and other foreigners kidnapped by Chinese bandits yesterday has been released.

Thirty-four foreigners were captured by the bandits according to the Standard Oil Company and a second dispatch stated that ten were known to have been released. This would mean that Miss Lucy D. Aldrich, a sister of Mrs. John D. Rockefeller, Jr., has gained her liberty.

Washington, May 7.—The American government will soon withdraw recognition from China if evidence that the Chinese are incapable of exercising authoritative control over the country continues to accumulate, it was learned on high authority here today.

With officials of this government it was indicated the latest outrage in China, the wrecking of one of the most important express trains and the capture by bandits of 300 passengers, including Americans and other foreigners, might develop into an incident that will precipitate drastic action by the United States.

Neither the State Department nor the Chinese legation here has as yet received any official advice of an outbreak.

Sparks' Big All-New Circus In Town To

TRAINED WILD ANIMALS BIG FEATURE

Pretty BESSIE HOLLIS, Dainty Equestrienne Star of the SPARKS CIRCUS, Here Today

Well brothers and sisters, the big show reaching town yesterday and according to circus tradition, came down the streets today with bands playing and banners waving and beautiful ladies on snow white steeds and funny clowns executing heart rending music atop of a big and wagon and cages full of wild beasts of jungle and plain and lumbering elephants and shuffling camels and three separate and distinct bands that smashed musical rainbows all over our beloved city, and so many things that it would really be impossible to mention them all.

Of course, it is conventional to say that the circus is bigger and better than ever this year, but really every season Sparks Circus comes they seem to have grown and expanded. This season another ring and a steel arena have been added for a number of foreign wild animal acts that are prominently featured. The morning parade was all that could be desired and the display of horses the best ever seen on the streets of this city. Everything presented an "early in the spring" appearance, the cages and tableaux wagons being resplendent in gilt and every color of the rainbow, while many features new to the conventional circus parade lent novelty to the spectacle.

Surprises were plentiful at the performance this afternoon for Mr. Sparks seems to have strayed far from the beaten path of other circuses of the present era. The performance opened with a spectacular oriental spectacle entitled "Echoes from the reign of King Tut," with several hundred correctly costumed participants and a vast concourse of elephants, camels and horses with elaborately designed blankets. In this spectacle Bessie Hollis, a phenomenal soprano, adds much charm with her splendid voice. Next comes a number of thrilling steel arena acts including the Sparks five fighting lions a large group of beautiful Bengal tigers and for the first time in America a group of does and ponies will be seen intermingling fearlessly with a group of polar bears.

Cause Of Cancer May Found As The Result Experiments In London

London, May 7.—The cause of cancer, one of the most baffling problems confronting the scientific world, may be on the verge of discovery, British medical men declared today following announcement that Dr. A. H. Drew of the Imperial Cancer Research Foundation has succeeded with the aid of a self solution in isolating and growing cancerous cells. The success of Dr. Drew is regarded as of extreme importance. The scientists now propose to work backward and find the cause of growth.

Curwensville's Own Column

Ray Kujawa, employed with a house in Pittsburgh, was home last week-end with his parents, and Mrs. Joseph Kujawa, on Thompson street.

The Lottie Bixler went over to Du-Saturday night and spent the evening as a guest of Mr. and Mrs. Mary Hamby.

Mary Hudson came in from N. Y. Saturday and expects to remain several weeks with her mother, Mrs. L. J. LaPorte, North street.

Saturday the state road authorities closed several men on at the corner of State and Walnut streets and set out on Susquehanna avenue. The turn is made to the Lumber City road. The watchers are supposed to count all cars passing the respective stations, going and coming. The enumeration is to be continued for one month. The idea handed down to us is for the purpose of ascertaining the average amount of travel from Curwensville. Grampian and up the river to Mahanoy and also the average going down river via the Lumber City river road.

William Norris, employed in the S. G. Norris barber shop, is ill with an attack of diphtheria.

One more week will complete the terms of school successfully taught this winter at Boardman, by two Curwensville young ladies, Miss Lucy Brunnetti and Leonora Test.

An accident on Filbert street Saturday afternoon was one in which a young son of Harry Gates had a narrow shave from death. Two boys were playing in the street. A Slavish storekeeper came along in her car and noticed the boys, who made no effort to get out of the way. She shot the machine across the street into a telephone pole to keep from hitting the lads, but young Gates was caught by a fender and knocked unconscious, the report soon spreading that he had been killed. He was gathered up and given first aid treatment and soon came around, although he was a trifle stiff in the joints yesterday. As this is one of the streets of considerable traffic, it makes a bad playground for boys, although some of them will persist in using the street to play in, disregarding police instructions.

Councilman Ben. Moore is acting as special policeman and traffic officer, his beat being over on Susquehanna avenue, South Side. Thad Bloom also does some patrolling in that bailiwick.

All the schoolmarms who had an outing at Greenwood camp Saturday and Sunday have returned, each of

the females bringing home as a reminder of their visit arms and face full of sun blisters and numerous freckles.

That ball game Friday resulted in a score of Curwensville 20, Clearfield 6. The one on Saturday at Houtsdale was Curwensville 7, Houtsdale 10.

BRADY RESIDENT DIES

David Hummel, a resident of Brady township, Clearfield county, died at the Clearfield hospital Friday afternoon, May 4, 1928, of pneumonia following an operation performed a couple weeks ago. He was about 37 years, two months, and one day. Deceased is survived by his widow, one son and one daughter, and the following brothers and sisters: William, of Lawrence township; Mrs. Joseph Heberling, of Salem, Pa.; Mrs. August Wagner, and Mrs. Sarah Wagner, of Oil City, Pa. Funeral services will be held Tuesday, May 8, 1928, at 1:30 p. m. from his late home at Luthersburg, Pa. Rev. S. J. Spier officiating.

BIG HORSESHOE CONTEST SCHEDULED

What promises to be the greatest horseshoe pitching contest ever pulled off in Central Penna. will be held in Clearfield in the very near future—just as soon as arrangements can be made by the local horseshoe club and the courts put in shape.

This match will be between Mr. Lloyd Johnson, of Grampian, the pioneer scientific open shoe pitcher of this section and Mr. Fred Flint, of Akron, Ohio, now employed at the

Sewer Pipe Works, also an expert at this new-old game. These birds can pitch horse shoes. The way they slap on rings is a revelation to those who have never seen this new style of tossing Dobbin's moccasins. If they don't put on three rings out of five shoes there is something wrong somewhere and the rivalry that exists between them for the championship of Clearfield county is going to make the games well worth seeing.

The time and place of this contest

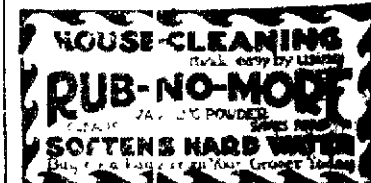

which will be conducted under and managed by the newly organized Clearfield Horse Shoe Club, will be announced through the Progress as soon as all details are worked out.

SHOOTING VICTIM IN SERIOUS CONDITION

This is Home Garage Week

What's missing in your Home Garage? Check up!

If "the lady of the house" is to be judged by the condition of her kitchen, surely her husband can be judged by the condition of his home garage.

How about yours? Is your tool equipment complete? Are your supplies adequate? Is everything in apple-pie order?

Do you always have on hand an adequate supply of the correct grade of Gargoyle Mobiloil?

The best operating results are secured by having your oil at the proper level before you leave your home garage.

Again, every motorist knows that his crankcase should be drained regularly and an entire fresh supply of oil put in. This is best done when the engine is warm. And for this purpose also, you should at all times have a good supply of Gargoyle Mobiloil in your home garage.

An adequate supply of Gargoyle Mobiloil

is the most important single supply you can put in your Home Garage.

How to buy for
your Home Garage

During this week of May 7th to 12th, dealers all over the country are giving the home garage owner special attention! They have put

in ample stocks of all grades of Gargoyle Mobiloil in the larger containers.

Gargoyle Mobiloil comes in 1-gallon and 5-gallon cans and 15-, 30-, and 55-gallon steel drums, equipped with a convenient faucet. The 5-gallon can and 15-gallon drum will undoubtedly be very popular during Home Garage Week. The oil is cheaper than when bought in the 1-gallon can.

See your dealer today. Most leading dealers are displaying the Home Garage Week sign in their windows. They have the Vacuum Oil Company's complete Chart of Recommendations. On it you can quickly find the correct grade of Gargoyle Mobiloil for your car.

At the same time that you buy your Gargoyle Mobiloil, check over your tool and emergency equipment. Most of your summer needs can be anticipated at this one time.

ODDS AND ENDS AND THINGS

By J. D. C.

We have heard of Diana and mod-
ern Dianias and also learned of the
valiant part "Betsy" played one time
when she and "Pap" killed the bear,
but was not aware we had a lady
within the confines of Clearfield coun-
ty who not only is an emulatrix of the
famed Diana, but possesses all the
courage "Betsy" showed when she
went to "Pap's" rescue and put the
cleanser on the bear "Pap" crowded
about slaying. The lady we have in
mind is a Miss Hubler, of the old-
time Cooper and Graham township
family of that name. This lady who
spent all of her 42 summers, and win-
ters, too, in that section, is house-
keeper for Isaac W. Pace, who re-
sides in the Pinchatoola section of
Graham township.

For a time bears have been annoy-
ing farmers in that region and on
Wednesday last a bear seized and
killed a sheep within sight of the
road about a quarter of a mile from
the Pace home. Thursday last Miss
Hubler walked into Kyertown, some
four miles distant, to do some shop-
ping and enroute home in the evening
when she reached a point near the old
Doc Schoonover mill, less than a
quarter of a mile from her home she
saw three bear cubs playing in the
sand in the roadway. The little
fellows were not much larger than
good-sized cats and when Miss Hub-
ler spied them she made for them
and the little fellows promptly shined
up a tree along the road, hissing
and snarling at their pursuer. Once
in the tree the little bears set up a
wailing or S. O. S. signal that soon
brought the answer.

A crashing was heard in the brush
in the direction of the carcass of the
slain sheep already mentioned and al-
most instantly a very much peeved
mother bear burst into view in search
of the intruder disturbing her family
and charged right up to the foot of
the tree upon which her now loudly
squealing babies were located.

When she heard the old bear com-
ing, Miss Hubler seized a 5-foot white
oak club some teamster had been us-
ing as a look-bar when hauling lum-
ber and prepared to defend herself
from the attack of the enraged bear.
It was well she found so formidable
a weapon handy as the infuriated
mother bear charged right up to the
tree, forcing the woman to take re-
fuge behind the tree. She swung her
club viciously at the bear, which
dodged the blow like a trained boxer
and again lunged at the woman, who
did not appear to be the least bit ex-
cited, being determined, as she said
later, to possess herself of one of
those cubs. She struck again with
her club as the bear raced around to-
ward her and this time succeeded in
whacking the old bear a resounding
blow across the snout. The bear re-
ared back in its pain and arose on its
haunches as though to resume the at-
tack, when one of the now very much
excited cubs lost his hold on the limb
he was clinging to and tumbled to the
ground about midway between the
mother bear and her adversary. The
mother instinct drove all thoughts of
further war out of the old bear's head
and ambling up to her fallen young-
ster who had the kind knocked out of
him temporarily by his fall, she
nuzzled him over a time or two with
her nose and as the little fellow sig-
nally got his bearings he scooted into
the woods, the mother closely follow-
ing after him.

About this time a couple of neigh-
bors drove along the road in a wagon
and Miss Hubler enlisted their serv-
ices in helping her capture the re-
maining pair of cubs. One of the men
climbed the tree and brought the lit-
tle bears to earth, turning them over
to Miss Hubler after complimenting
her on the fight she had put up to
secure them. The cubs, which tipped
the scales at even twelve pounds,
were taken home by the woman and
a pen prepared for them, where they
have been visited and admired by all
the neighbors of that section.

BROWN—BARNETT

The Meyersdale Republican has the

which took place there recently, one
of the principals of which is well
known here.

Miss Alzene E. Brown, daughter
of Mr. and Mrs. C. H. Brown of High

lanta, Pa., were united in marriage
April 20th, at the Methodist parson-
age in Altoona, by the Rev. O. B.

The President-Manager of the Chamber of Commerce of Oklahoma City is Ed. Overholser, one of the prominent business men of the southwest.

For thirty-two years he has served the people of Oklahoma with compensation, save that of gratitude.

Telling about his father, also a leading business man, in an article in Forbes magazine recently, he said:

"My father always insisted that the only excuse for dishonesty was the full and free confession that you were inferior to your fellow-man and could not get what you wanted by honest methods."

Just read that again—think that over.

Isn't it true?

Isn't it true that dishonesty places a stamp of inferiority upon a man?

No real man is dishonest.

No high calibred man resorts to shady practices, to cheating, to misrepresentation, to lying, to defrauding.

He doesn't need to.

He's big enough, resourceful enough, intelligent enough to win his way through life without stooping to such things.

The dishonest man knows he is dishonest. He may ease his conscience by reflecting upon his temporary success. But deep down in his heart he feels cheap and small and mean.

Honesty is not merely the best policy, as the old saying runs, but it is also the only policy.

Dishonesty does not pay—cannot pay.

It stamps you as inferior to your fellow-men—as lacking in the ability to succeed by honest methods.

Honesty will rate you as a superior individual.

President Harding will enter his campaign for renomination and re-election 100 per cent dry.

Evidence of the complete swing of the President to the "dry" side of the prohibition controversy as it may affect his own political fortunes or those of the national Republican party has been accumulating, but not until this week was convincing proof given of the President's leanings.

When the Supreme Court of the United States decided that American ships could sell liquor outside the three-mile limit until a law of Congress prohibits it, the chief executive had the power to revoke the instructions given originally to the United States shipping board to cease selling liquor. His first orders were issued when the legal phases of the matter were in doubt and it was natural for the President to stop the practice until a decision had been reached.

Now, however, the decision has been made. It is lawful to sell liquor outside the three-mile limit. Congress can act but hasn't. At least eight months must elapse before the law-making branch of the government is in session again and it might take even longer than that to get action on any bill to prohibit the sale of liquor on government ships, for this kind of a measure would not be passed without considerable debate, especially on the economic disadvantages of putting American ships on an unequal basis with vessels flying foreign flags.

The President made up his mind to keep the American ships "dry." Just what actuated him in his decision is not, of course, being publicly explained, but it was the first case in which Mr. Harding could have granted the "wets" a point if he had been disposed to keep free from the controversy itself and take the position that Congress alone could bring about modification in the existing situation, both with respect to the eighteenth amendment and the Volstead law.

Mr. Harding feels that America is committed to the dry side of the argument by a constitutional amendment and that it is his duty to carry out the spirit as well as the letter of the federal constitution, which his oath of office requires him to uphold.

You Can Save More!

Saving just a little is mighty good practice, but that's just about all it is; Practice. Buckle down to WORK and save as though you meant it. Your bank balance will mount like the mercury in a thermometer when the August sun strikes it.

"Save a little" is a fine slogan, but "Save MORE" is an even better one. If you haven't ANY kind of a saving slogan, you can start on the first; but after you get started, the second one is the one to adopt. Give either or both a trial at the Clearfield National Bank, and see how fine they work out!

LEWISTOWN HOME BUILDING FIRM IS GETTING BUSY TOO

Lewistown, May 5.—The board of directors of the Lewistown Housing and Development Company is meeting this afternoon at the Y. M. C. A. and the president of the company authorized the announcement that the Viakase Company would finance the Housing Company in the construction of 100 dwellings in addition to the 100 homes that had already been upon the company's program for erection this spring and summer.

This brings the Housing Company's building program up to 200 new homes for Lewistown this year, the erection of these structures involving a financial outlay of more than \$300,000, which with the city's other building activities will take the grand total of money expended upon construction work well over the million dollar mark for 1923.

Rids will be asked tomorrow for 20 of the houses, which will be of a different type from those already built on South Wayne street. Most of the new houses will be placed on South Wayne and South Grand streets with a few on South Main street. After these 200 houses have been finished that section of the Housing and Development Company's tract will be about built up and the company will very probably turn its attention to the systematic development on the northeast side of the state road.

G. W. GALLAHER

After an illness of a few days, G. W. Gallaher of New Washington, Clearfield county, passed away on Sunday morning, April 29th, at seven o'clock. Mr. Gallaher, the son of Crawford and Mary Hallman Gallaher, was born within the limits of the present borough of New Washington on January 17th, 1884 and was therefore in the ninetieth year of his age. His grandfather, James Gallaher, Sr., was the pioneer settler of that part of Clearfield County and as Mr. Gallaher was a young man of twenty when his grandfather died at the age of 95, Mr. Gallaher's knowledge and experience of pioneer life was very complete and most interesting.

Mr. Gallaher is survived by his wife, Elizabeth Hallesen, and five children: Mrs. Mary Feltwell, Mrs. Sue Dowler, Sarah, Ada and William H. Gallaher, and by one sister, Mrs. Mary Williamson of Blaine City. Mr. Gallaher was well known among the lumbermen of the West Branch and was one of the most successful of the raftsmen of the Susquehanna.

The contest was run under the auspices of the Y. M. C. A. with Secretary Pierce as master of ceremonies and the walk affair was very ably and fairly managed. The idea struck a popular chord, not only among the boys but among the older people as well and a big crowd was on hand to witness the shooting.

quehanna. Men of mature years now living recall with pride that their first "trip down the river" was under the guidance of G. W. Gallaher. Most of his life Mr. Gallaher filled one and another of the borough offices, discharging every detail of every responsibility with fidelity and care. Although frequently solicited by his many friends to be a candidate for larger positions, he steadfastly refused. The exalted type of citizenship for which he stood constituted in his estimation a man's job, and faithfully he completed his work. He never became a member of any society or organization, he wanted to be just a citizen of the United States. His mother was the founder of the Methodist Episcopal church at New Washington and to that church Mr. Gallaher adhered all his life and in its communion he died.

A CORRECTION

In a recent report of the Clean-Up Committee it was reported: "The lot in the rear of Mrs. Fred Bett's residence appears to have been used for a dumping depository for debris of all kinds."

It develops that the property referred to is the Betts property on Second street and not the residence on Old Town Road, which is always kept in a fine condition.

Every Day, in Every Way They Get More and More Reckless at Ry. Crossing

Harrisburg, May 7. (United Press.)—More recklessness among motorists than ever before was reflected by the report on the number of grade crossing accidents this year announced today by the Bureau of Accidents of the Public Service Commission.

"The recklessness of automobile drivers is particularly reflected in the reports relating to collisions with lowered crossing gates," said the report.

The report covered the first three months of this year with comparisons to the same quarter of last year. In addition to collisions with trains 127 automobiles were reported as running into and through lowered crossing gates.

A total of 238 accidents was reported for the past quarter with 33 killed and 143 injured. This is an increase over the same period last year of 126 accidents, 5 deaths, and 74 injured. Eighty-five per cent of the crossing accidents were collisions of trains and automobiles as a result of which 21 auto occupants were killed and 110 injured.

Two occupants of wagons and 9 pedestrians were killed at grade crossings. Three of the pedestrians were killed after having crawled under lowered gates.

While 141 accidents occurred at unprotected crossings 97 occurred where some form of protection has been installed.

MENIHAN'S ARCH-AID SHOES

Your Foot and Your Age

SCIENCE tells us that a woman's age is clearly told by the degree of beauty which her foot retains. Fallen arches come with advancing years. But misses and matrons—don't dread them—prevent them. Retain the youthful and beautiful arched slenderness of your foot by wearing Menihan's Arch-Aid Shoes.

These celebrated shoes are scientifically built to retain the natural strength and beauty of the foot by providing a sure, gentle arch support. But don't associate these shoes with the so-called "ugly" corrective footwear. The two strap model featured illustrates the smart, modish custom lines of Menihan's Arch-Aid shoes. This is but one of the many styles which are available in sizes from 1 to 12 and in widths AAAA to EE.

PLEASE TAKE NOTICE IN AS SOON AS DELIVERED

Many folks are allowing the milk delivered early in the morning to remain on the porch many times in the direct rays of the sun. This is bringing complaints about sour milk which could be obviated if the milk was taken to the house and placed where it is cool.

The fact that the milk sours when left in the sun for any length of time is not due to any impurities in the milk, but due to the warming influence of the sun's rays, which will sour milk quicker than placing on a hot stove.

Please arrange to take your milk in as soon as delivered.

IMPORTANT: OVER \$7500.00 for Grape-Nuts Recipes

The Postum Cereal Company will buy not less than 101 Recipes or suggestions for new Uses of Grape-Nuts, paying \$50.00 for each one accepted. And in addition—

Good Housekeeping Institute, conducted by Good Housekeeping Magazine, will decide an award of \$2500.00 for the best four of the 101 or more Recipes or suggestions for new Uses of Grape-Nuts, so purchased:

\$1000.00 for the 1st selection \$750.00 for the 2nd selection
\$500.00 for the 3rd selection \$250.00 for the 4th selection

Read carefully the terms of this offer so that you may have the fullest opportunity to share in its benefits. The conditions are simple and fair that every housewife in the United States can take part in this National Recipe Festival!

There Is No Other Food Like Grape-Nuts

WHILE practically every man, woman and child in the English-speaking world knows Grape-Nuts as a delicious, nourishing and wholesome cereal, and while it is common knowledge that Grape-Nuts with milk or cream is a complete food, many housewives do not know of the appetizing and economical dishes that can be prepared with Grape-Nuts. It lends itself, we believe, to more uses than any other cereal. The convenience and economy of Grape-Nuts, and the zest and wholesomeness which it imparts to other food, make it invaluable in every home.

Frequently we receive interesting letters from women throughout the country, telling about the attractive dishes they make with Grape-Nuts—delicious puddings, salads,

dressings for fowls, etc. No doubt there are thousands of women who are finding varied uses for Grape-Nuts in their home cooking, and even more thousands who will be glad to learn of those varied uses; for while we all cling to old favorite dishes, we also welcome and enjoy a change.

So that is the thought back of our offer of more than \$7500.00 in cash for new ways of using Grape-Nuts. To those women who are already using Grape-Nuts in various ways, other than as a breakfast cereal or in the recipes given here, and to those women who would like to try their hand at developing some new way to use Grape-Nuts, we offer to buy \$50.00 each not less than 101 new Grape-Nuts Recipes. We plan to include these new Recipes in a beautifully illustrated cook book.

What Is Grape-Nuts?

Grape-Nuts is a highly nutritious food in the form of crisp, golden granules. It contains the full nutrient of wheat and barley, including vitamin-B and mineral elements required for building sturdy health. These elements are often lacking in the ordinary diet, chiefly through over-refinement in the preparation of food.

No other food is so thoroughly liked as Grape-Nuts. More than 100,000,000 are consumed in the baking process which makes Grape-Nuts easy to digest, and also develops a natural sweetness from the grains themselves.

The form and crispness of Grape-Nuts invite thorough mastication—a decided advantage because this not only provides proper exercise for the

teeth, but makes for good digestion.

Every housewife in the land should take advantage of this extraordinary opportunity to earn the tidy sum of \$50.00 by a little pleasant and educational effort in her own home. Also the fair and equal chance to secure one of the liberal awards to be made by Good Housekeeping Institute.

Moreover, there's the greater knowledge of the value of Grape-Nuts, not only as a delicious breakfast cereal, but in the preparation of a variety of appetizing dishes that add to the health and pleasure of the whole family.

Where you don't find Grape-Nuts you won't find people

Conditions Governing the Purchase of, and Awards for Grape-Nuts Recipes

The Postum Cereal Company will buy not less than 101 Recipes or suggestions for new uses of Grape-Nuts, paying \$50.00 for each one accepted. This offer is open to every woman in the United States.

Good Housekeeping Institute, conducted by Good Housekeeping Magazine, will decide an award of \$2500.00 for the best four of the 101 or more Recipes or suggestions for new uses of Grape-Nuts, so purchased. \$1000.00 for the 1st selection; \$750.00 for the 2nd selection; \$500.00 for the 3rd selection; and \$250.00 for the 4th selection.

Recipes must be mailed between May 1st, 1928 and August 31st, 1928.

Recipes or suggestions for new uses submitted for purchase must not duplicate any of the recipes printed in this announcement.

No Recipe will be purchased from anyone directly or indirectly connected with the Postum Cereal Company, Inc., or Good Housekeeping Institute.

If more than one Recipe is offered, each must be written on a separate sheet. Write name of address plainly on each Recipe submitted.

In the event of a tie for any award offered,

an award identical in all respects with that offered will be made to each one tying.

It is not necessary to purchase Grape-Nuts. A suitable quantity will be sent upon request to those desiring to submit recipes.

Your Recipe should state the exact number intended to be served. Recipes should be carefully tested to make sure that proportions and directions for preparing, worded simply and accurately. Do not send specimens.

Form of Recipe: First, write name of your Recipe at top of sheet; underneath list all ingredients, using level measurements only; then the directions for preparing, worded simply and accurately. Do not send specimens.

In considering Recipes for purchase, and for awards by Good Housekeeping Institute, account will be taken of the following points:

(a) Palatability.

(b) Simplicity and economy.

(c) Accuracy and clearness of expression of recipe.

Announcement of the Recipes purchased, and awards by Good Housekeeping Institute, will be made in January Good Housekeeping.

Recipes submitted to the Postum Cereal Company for purchase will not be returned.

Below are ten Recipes showing a few of the many appetizing dishes that can be made with Grape-Nuts. Read them over, try some of them, and then you will find it easy to work out a new Recipe or think of a new use for Grape-Nuts, that we may purchase. And remember, your Recipe or suggestion for new use of Grape-Nuts may also merit one of the large awards.

GRAPE-NUTS Ice Cream
Prepare plain flavored ice cream in the usual way. Just before the cream hardens in freezing, add Grape-Nuts as it comes from the package, in the proportion of one-half cup of Grape-Nuts to one quart of ice cream. If you buy ice cream ready made, add Grape-Nuts in place of nuts. You'll find this refreshing flavor unique.

GRAPE-NUTS Salad
1 cup Grape-Nuts 2 tablespoons lemon juice
1 sliced orange 2 tablespoons dressing
1 cup cubed pineapple 1 cup salad dressing
1 cup sliced apples 1 cup salad dressing
Cut up the fruit, add lemon juice, mix with Grape-Nuts, and serve with dressing. Makes four to six portions.
GRAPE-NUTS Six Minute Pudding
1 cup Grape-Nuts 1 tablespoon sugar
1/2 cup milk 1/2 cup raisins
Cover Grape-Nuts with milk. Add sugar, raisins, and a little nutmeg. Cook six minutes directly over the heat, stirring constantly, and serve with any good pudding sauce. Makes four to six portions.

GRAPE-NUTS Cookies
1 cup Grape-Nuts 1/2 cup flour
1/2 cup shortening 2 teaspoons baking powder
1 1/2 cups light brown sugar 1/2 teaspoon salt
1/2 cup milk 1/2 cup raisins
1/2 cup chopped apples 1/2 cup walnuts
Cream shortening and sugar. Add milk and well-beaten eggs. Add well-sifted dry ingredients, and raisins that have been soaked in milk. Bake in the oven for 15 minutes. Makes four to six portions.

GRAPE-NUTS Cheese Casserole
1/2 cup Grape-Nuts 1/2 cup pepper
1/2 cup milk 1/2 cup cheddar cheese
1 tablespoon butter 1/2 cup tomato sauce
1/2 teaspoon salt 2 eggs
Soak the milk. Add Grape-Nuts, butter and the latter slightly beaten. Pour in a moderate baking dish, surround with hot water and bake slowly for forty-five minutes in a slow oven. Serve as the main course or luncheon, with a meatless dinner. Makes four to six portions.

GRAPE-NUTS Fruit Pudding
1 cup Grape-Nuts 1 pint boiling water
1 package lemon-meringue 1/2 cup raisins
or lemon flavored gelatin 1/2 cup chopped walnuts
or lemon flavored gelatin 1/2 cup chopped dates
Add the boiling water to the lemon-meringue or lemon flavored gelatin and stir until it is dissolved. Pour into a mold, and when the mixture has cooled slightly, add the Grape-Nuts and fruit. Bake in the mixture to chill and harden. Makes four to six portions.

GRAPE-NUTS Meat Loaf
1 cup Grape-Nuts 1 egg
1 pound veal, mutton or beef 1/2 cup tomato sauce
1/2 cup salt pork 1/2 cup tomato sauce
1/2 cup onion 1/2 cup tomato sauce
1/2 cup carrot 1/2 cup tomato sauce
1/2 cup celery 1/2 cup tomato sauce
1/2 cup parsley 1/2 cup tomato sauce
Put the meat through a food chopper, add seasonings, brown minced onion in a little fat before adding Grape-Nuts, milk, and slightly beaten eggs. Pack in a baking dish, surround with a hot water bath, and bake for forty-five minutes, basting frequently with one-half cup of hot water. Turn out on a platter just before taking from oven, brush with some of the brown sauce, and serve with tomato sauce. Makes four to six portions.

GRAPE-NUTS Lent Cake
1 cup Grape-Nuts 1/2 cup butter
1/2 cup sugar 2 cups packed flour
1 egg 2 teaspoons baking powder
1/2 cup milk 1/2 cup tomato sauce
1/2 cup onion 1/2 cup tomato sauce
1/2 cup carrot 1/2 cup tomato sauce
1/2 cup celery 1/2 cup tomato sauce
1/2 cup parsley 1/2 cup tomato sauce
Cream butter and sugar, add well-beaten eggs, then milk and Grape-Nuts. Beat the mixture thoroughly, fold in alternately the stiffly beaten egg-whites and flour sifted with baking powder three times; lastly, add the tomato sauce. Bake in two-thirds full and bake in a moderate oven for forty-five minutes.

GRAPE-NUTS Tomato Soup
1/2 cup Grape-Nuts 1/2 cup onion
1 quart tomatoes 1/2 cup salt
2 cups water 1/2 cup tomato sauce
10 peppercorns 1/2 cup tomato sauce
Cook tomatoes, water and onion twenty minutes, strain and add salt and soda. Crush the Grape-Nuts with a rolling pin. Melt the butter, add the rolled Grape-Nuts. Melt the butter, add the soup to the boiling point. Substitute whole Grape-Nuts for crushed and serving individual soup plates. Makes four to six portions.

GRAPE-NUTS Fudge
1/2 cup Grape-Nuts 2 squares chocolate
1 cup granulated sugar 1/2 cup salt
1 cup milk 1/2 cup tomato sauce
Combine the sugar, milk, chocolate and salt; place over a slow heat, add salt constantly until the sugar is dissolved. Then continue boiling gently, without stirring, until the thermometer registers 230 degrees F., or the mixture forms a soft ball when dropped in cold water. Set the mixture in a bowl of cold water and allow to stand until firm. Remove and add the butter and vanilla. Beat the mixture and cream until thick, then add Grape-Nuts and continue beating until smooth enough to spread. Turn out on a buttered plate and cut into desired squares.

Some things you should know about your heart

THE first thing a physician examines, when summoned, is the heart pulse. A normal heart will beat one hundred and three thousand times each day. You depend on it to beat every second of your life. You realize the heart should not have to overwork constantly to throw off blood impurities. It is impurities which in crowd the heart beat. More red cells mean a purer, richer blood. They are a nerve power, because all your nerves are fed by your blood. This means freedom from pimples, from blackheads, from boils, eczema and skin eruptions; from rheumatic impurities, from that tired, exhausted, run-down feeling. Red-cells are the most important thing in the world to each of us. S. S. S. will build them for you! S. S. S. has been known since 1820 as one of the greatest blood-builders, blood-cleansers and system strengtheners ever produced.

Mr. Arthur A. Smith, 300 S. Ada St. Chicago, Ill., writes: "After suffering with bad boils, I commenced using S. S. S. I wish to say that it cured me of all eruptions, and relieved me of all pains. I wish to express my appreciation to the S. S. S. Co. for me."

Try it yourself. S. S. S. is sold at all food drug stores. The true S. S. S. is more economical. Get a bottle today!

S. S. S. makes you feel like yourself again

It's the KIND of Feed—NOT the Amount

A WELL fed horse from the standpoint of quality may be in poor condition. This is so because just a monotonous diet of oats or corn with hay fails to keep him in real fine shape.

Dry, tasteless oats are not appetizing and generally only partially digested.

Horses that are fed in the cities in this fashion, and never are turned out on pasture for a few weeks each summer, rapidly lose their strength and vigor. They die much earlier than horses which are given a variety of feed. This is because the animals' bodies demand certain things, which cannot be supplied in oats and corn.

Purina O-Molene has the necessary variety. O-Molene is not only more appetizing than ordinary feeds but it is more digestible. It takes less of O-Molene than the usual grain rations because it is completely balanced and does not have too much of one ingredient and not enough of another.

ITALIAN-BRITISH NOTE MAY OFFSET POINCARÉ MESSAGE

London, May 7.—Possibility of a joint Italian-British note to Germany differing radically from that sent Sunday by France and Belgium was discussed by London leaders today as the Cabinet met to consider the reparations situation.

After the Cabinet discussed the matter of a note to Germany, it was indicated this would be forwarded during the week.

Manifesting British-Italian accord the press reflects a heated resentment understood to have been felt by the Government when Premier Poincaré went right ahead with a reply rejecting the latest German reparations offer, without consulting Britain.

For two days, Lord Curzon, acting British Premier in the absence of Bonar Law, sought to have the note held up and made a joint Allies' document. Although the French delayed delivery of the note out of deference to Lord Curzon's wishes, the French and Belgians refused to change its tone of flat rejection of the German offer and finally sent it forward.

Berlin, May 7.—Germany took heart from dispatches indicating Great Britain is sending a supplementary reparations note and refuses to accept as final the Franco-Belgium version of her latest proposal.

Hope of finding a middle ground expressed by officials here. The German Government will probably withhold reply to the attitude of France and Belgium until the note from Great Britain arrives.

EDWIN FLEGAL IS WINNER IN FINAL MARBLE CONTESTS

Edwin Flegal, Robert Shull, and Fred Fletcher, the three high school boys in the marble contest, were invited to appear at the Jordan Hotel at 6:15 to be the guests of the Commercial Club at dinner.

There were six classes and those entering the finals for the different classes were as follows:

- No. 1. F. Fletcher.
- No. 2. A. Peck.
- No. 3. E. McKivaine.
- No. 4. R. Shull.
- No. 5. R. Thorne.

FISHERMAN TELLS POLICE HE SAW FATAL HAZING

Chicago, May 7.—John A. Strom, a fisherman, today told Evanston police he believed he witnessed the slaying of Leighton Mount, Northwestern freshman, declared to have been killed by hazing.

Strom informed Police Chief Leggett that he saw three young men, apparently students, carrying a youth to the lake, duck him, and talk of pouring sand in his mouth and then tossed him into the pier, a short distance from the one where Mount's skeleton was found. This Strom asserted was on September 21, 1921, the day of Mount's disappearance immediately after the sophomore-freshman class gank.

Leggett stated he accepted the story with many reservations. The police chief declared, however, that parts of it dovetailed with other evidence.

FRANCE DEMANDS THAT GERMANY MEET HER EVERY DEMAND

Paris, May 5.—France demands unconditional surrender. Germany must meet the French terms for reparations in every detail.

A note to this effect, replying to Germany's latest proposal was completed by Premier Poincaré today.

Details of the government dispatch were finally agreed upon and today a copy was sent to Belgium for the personal and agreement of Foreign Minister Jaspar, who agreed fully with Poincaré and went even further in bolstering the French attitude.

Washington, May 5.—France's protest against the enforcement of the Supreme Court decision barring foreign ships from carrying liquor in American waters was delivered to Secretary of State Hughes today by Ambassador Jusserand.

Jusserand called in person at the State Department and spent some time with Hughes. Neither official would comment on the conference. Later it was intimated the exact nature of the French protest would be revealed.

Visitors To The Hospital On Saturday Will Find Many Items Of Interest

Visitors to Clearfield Hospital will find many things to interest them on May 12th, National Hospital Day when Clearfield Hospital will join with some 5,000 others throughout the United States and Canada in inviting friends and neighbors to come in and get better acquainted.

For instance the average person looks on a hospital as merely a place where the sick are treated, but as a matter of fact, the curative work is but a detail of hospital service. The hospital is an educational institution of prime importance for it is the place in which the young physician puts in his final year of medical study, it is the place where every fledgling nurse learns her profession, and finally it is the place where the public is taught to keep well.

If you haven't thought of Clearfield hospital as a teaching institution

U. M. W. OF A. VOICES ITS DEMAND BEFORE COAL COMMISSION

Washington, May 6.—Complete unionization of the bituminous industry and the abolition of "open shop" operation in the West Virginia and other states should bring about cessation of strikes and elimination of coal shortages, officials of the United Mine Workers declared in a report filed with the United State Coal Commission and made public today.

The arguments were prepared by William Greene, the international secretary-treasurer, and Philip Murray, its vice president, in response to the recently indicated desire of the commission.

Mr. Murray, in his statement, declared the commission, "by an aggressive and fearless attitude can compose all differences which exist in the organized mining sections," by guaranteeing the right of miners to organize and bargain collectively through the United Mine Workers or other union system, he said. Miners would achieve "uniformity of wages and working conditions and regularity and continuity of employment." The union, he added, has no purpose of establishing revolutionary or working conditions of the mines but does "demand a voice in the control of the coal industry."

DUBOIS MAN DIES AS THE RESULT OF CAR ACCIDENT APRIL 20TH

DuBois, May 7.—Joseph Bogle, a well known miner of Shaft No. 1, died Saturday morning, at 10:30 o'clock as the result of injuries sustained in an automobile collision on April 20th. The accident happened near the Luthersburg cemetery where the turn is made off the state road to go onto the Troutville highway. Mr. Bogle was employed at a mine near Luthersburg and was riding home at the time of the accident when he was driving along the road at the intersection when another car said to have been driven by a resident of Sykesville, crashed into his machine with terrific force, sending the lighter car over across the road. Mr. Bogle was caught in such a manner as to receive very severe injuries. He was picked up immediately and brought to the hospital, being accompanied by the man who struck him.

"For a time Mr. Bogle appeared to be getting along very nicely and it was believed for a time that he would ultimately recover, but recently he suffered a back set and his condition grew rapidly worse until he died at the time stated.

WITNESS IN FLOGGING CASE DIES SUDDENLY

Tallahassee, Fla., May 6.—Charles Poppell, principal witness against two county officials here in the investigation growing out of the death of Martin Tabert, of North Dakota, died suddenly at Quincy, near here, last night, while en route to Pensacola to appear before a federal grand jury, it was learned tonight.

Poppell was to testify before the federal body in connection with a peonage case developed during the investigation into Tabert's death, which was being made by a joint committee of the Florida legislature. As a result of the inquiry Sheriff R. J. Jones was ordered removed from office, while the governor had recommended similar action against County Court Judge B. F. Willis.

CHINESE BANDITS CARRY OFF MANY FOREIGN TOURISTS

Pekin, May 6.—Bandits killed one foreigner and carried off 150 passengers in a raid near the Sian-ung border in the Tientsin-Puka railroad today. Miss Aldrich, of New York, sister-in-law of John D. Rockefeller, Jr., and daughter of former United States Senator Nelson Aldrich, was among the passengers, but her fate is unknown.

The foreigner killed is believed to be a Russian. The minister of communication late today telegraphed General Tsao-King and the civil military governors asking that troops be sent to surround the bandits.

London Report
London, May 6.—Three hundred passengers, including some foreigners, were carried off by bandits who early today raided an express train from Puko to Tientsin at Licheng, Shantung, a Reuters dispatch says. One foreigner was reported killed and 23 Chinese and six foreigners were said to have escaped.

On Tour
New York, May 6.—Miss Lucy Aldrich, sister of Mrs. John D. Rockefeller, Jr., left New York last winter on a tour of the world, accompanied by a traveling companion, it was said today at the home of her brother, Winthrop W. Aldrich, Wall Street lawyer. No word has been received from her recently it was said.

New York, May 7.—Reports reaching the Standard Oil Company of New York today indicated that the woman included among the Americans and other foreigners kidnapped by Chinese bandits yesterday has been released.

Thirty-four foreigners were captured by the bandits according to the Standard Oil advice and a second dispatch stated that ten were known to have been released. This would mean that Miss Lucy D. Aldrich, a sister of Mrs. John D. Rockefeller, Jr., has gained her liberty.

Washington, May 7.—The American government will soon withdraw recognition from China if evidence that the Chinese are incapable of exercising authoritative control over the country continues to accumulate it was learned on high authority here today.

With officials of this government it was indicated the latest outrage in China, the wrecking of one of the most important express trains and the capture by bandits of 300 passengers, including Americans and other foreigners, might develop into an incident that will precipitate drastic action by the United States.

Neither the State Department nor the Chinese legation here has as yet received any official advice of an outbreak.

Sparks' Big All-New Circus In Town To

TRAINED WILD ANIMALS BIG FEATURE

Pretty BESSIE HOLLIS, Dainty Equestrienne Star of the SPARKS CIRCUS, Here Today

Well brothers and sisters, the big show reaching town yesterday and according to circus tradition, came down the streets today with bands playing and banners waving and beautiful ladies on snow white steeds and funny clowns executing heart rending music atop of a big and wagon and cages full of wild beasts of jungle and plain and lumbering elephants and shuffling camels and three separate and distinct bands that smashed musical rainbows all over our beloved city, and so many things that it would really be impossible to mention them all.

Of course, it is conventional to say that the circus is bigger and better than ever this year, but really every season Sparks Circus comes they seem to have grown and expanded. This season another ring and a steel arena have been added for a number of foreign wild animal acts that are prominently featured. The morning parade was all that could be desired and the display of horses the best ever seen on the streets of this city. Everything presented an "early in the spring" appearance, the cages and tableaux wagons being resplendent in gilt and every color of the rainbow, while many features new to the conventional circus parade lent novelty to the spectacle.

Surprises were plentiful at the performance this afternoon for Mr. Sparks seems to have strayed far from the beaten path of other circuses of the present era. The performance opened with a spectacular oriental spectacle entitled "Echoes from the reign of King Tut," with several hundred correctly costumed participants and a vast concourse of elephants, camels and horses with elaborately designed blankets. In this spectacle Bessie Hollis, a phenomenal soprano, adds much charm with her splendid voice. Next comes a number of thrilling steel arena acts including the Sparks five fighting lions a large group of beautiful Bengal tigers and for the first time in America a group of does and ponies will be seen intermingling fearlessly with a group of polar bears.

Cause Of Cancer May Found As The Result Experiments In London

London, May 7.—The cause of cancer, one of the most baffling problems confronting the scientist, may be on the verge of discovery, British medical men declared today following announcement that Dr. A. H. Drew of the Imperial Cancer Research Foundation has succeeded with the aid of a self solution in isolating and growing cancerous cells. The success of Dr. Drew is regarded as of extreme importance. The scientists now propose to work backward and find the cause of growth.

Curwensville's Own Column

Curwensville, employed with a house in Pittsburgh, was home for week-end with his parents, and Mrs. Joseph Kujawa, on Thompson street.

Lottie Bixler went over to Du-Saturday night and spent the evening as a guest of Mr. and Mrs. Mary Hamby.

Mary Hudson came in from N. Y. Saturday and expects to remain several weeks with her mother, Mrs. L. J. LaPorte, North street.

Saturday the state road authorities closed several men on at the corner of State and Walnut streets and set out on Susquehanna avenue. The turn is made to the Lumber City road. The watchers are supposed to count all cars passing the respective stations, going and coming. The enumeration is to be continued for one month. The idea handed down to us is for the purpose of ascertaining the average amount of travel from Curwensville to Grapeland and up the river to Mahanoy and also the average going down the river via the Lumber City road.

William Norris, employed in the S. G. Norris barber shop, is ill with an attack of diphtheria.

One more week will complete the terms of school successfully taught this winter at Boardman, by two Curwensville young ladies, Miss Lucy Brunnetti and Leonora Test.

An accident on Filbert street Saturday afternoon was one in which a young son of Harry Gates had a narrow shave from death. Two boys were playing in the street. A Slavish storekeeper came along in her car and noticed the boys, who made no effort to get out of the way. She shot the machine across the street into a telephone pole to keep from hitting the lads, but young Gates was caught by a fender and knocked unconscious, the report soon spreading that he had been killed. He was gathered up and given first aid treatment and soon came around, although he was a trifle stiff in the joints yesterday. As this is one of the streets of considerable traffic, it makes a bad playground for boys, although some of them will persist in using the street to play in, disregarding police instructions.

Councilman Ben. Moore is acting as special policeman and traffic officer, his beat being over on Susquehanna avenue, South Side. Thad Bloom also does some patrolling in that bailiwick.

All the schoolmarms who had an outing at Greenwood camp Saturday and Sunday have returned, each of

the females bringing home as a reminder of their visit arms and face full of sun blisters and numerous freckles.

That ball game Friday resulted in a score of Curwensville 20, Clearfield 6. The one on Saturday at Houtsdale was Curwensville 7, Houtsdale 10.

BRADY RESIDENT DIES

David Hummel, a resident of Brady township, Clearfield county, died at the Clearfield hospital Friday afternoon, May 4, 1928, of pneumonia following an operation performed a couple weeks ago. He was about 37 years, two months, and one day. Deceased is survived by his widow, one son and one daughter, and the following brothers and sisters: William, of Lawrence township; Mrs. Joseph Heberling, of Salem, Pa.; Mrs. August Wagner, and Mrs. Sarah Wagner, of Oil City, Pa. Funeral services will be held Tuesday, May 8, 1928, at 1:30 p. m. from his late home at Houtsdale, at Luthersburg, Revs. Seiler and Cumm officiating.

HIGH HORSESHOE CONTEST SCHEDULED

What promises to be the greatest horseshoe pitching contest ever pulled off in Central Penna. will be held in Clearfield in the very near future—just as soon as arrangements can be made by the local horseshoe club and the courts put in shape.

This match will be between Mr. Lloyd Johnson, of Grapeland, the pioneer scientific open shoe pitcher of this section and Mr. Fred Flint, of Akron, Ohio, now employed at the

Sewer Pipe Works, also an expert at this new-old game. These birds can pitch horse shoes. The way they slap on ringers is a revelation to those who have never seen this new style of tossing Dobbin's moccasins. If they don't put on three fingers out of five shoes there is something wrong somewhere and the rivalry that exists between them for the championship of Clearfield county is going to make the games well worth seeing.

The time and place of this contest

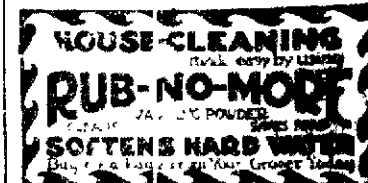

which will be conducted under and managed by the newly organized Clearfield Horse Shoe Club, will be announced through the Progress as soon as all details are worked out.

This is Home Garage Week

What's missing in your Home Garage? Check up!

If "the lady of the house" is to be judged by the condition of her kitchen, surely her husband can be judged by the condition of his home garage.

How about yours? Is your tool equipment complete? Are your supplies adequate? Is everything in apple-pie order?

Do you always have on hand an adequate supply of the correct grade of Gargoyle Mobiloil?

The best operating results are secured by having your oil at the proper level before you leave your home garage.

Again, every motorist knows that his crankcase should be drained regularly and an entire fresh supply of oil put in. This is best done when the engine is warm. And for this purpose also, you should at all times have a good supply of Gargoyle Mobiloil in your home garage.

An adequate supply of Gargoyle Mobiloil

in time and repairs.

is the most important single supply you can put in your Home Garage.

How to buy for
your Home Garage

During this week of May 7th to 12th, dealers all over the country are giving the home garage owner special attention! They have put

in ample stocks of all grades of Gargoyle Mobiloil in the larger containers.

Gargoyle Mobiloil comes in 1-gallon and 5-gallon cans and 15-, 30-, and 55-gallon steel drums, equipped with a convenient faucet. The 5-gallon can and 15-gallon drum will undoubtedly be very popular during Home Garage Week. The oil is cheaper than when bought in the 1-gallon can.

See your dealer today. Most leading dealers are displaying the Home Garage Week sign in their windows. They have the Vacuum Oil Company's complete Chart of Recommendations. On it you can quickly find the correct grade of Gargoyle Mobiloil for your car.

At the same time that you buy your Gargoyle Mobiloil, check over your tool and emergency equipment. Most of your summer needs can be anticipated at this one time.

ODDS AND ENDS AND THINGS

By J. D. C.

We have heard of Diana and mod-
ern Dianias and also learned of the
valiant part "Betsy" played one time
when she and "Pap" killed the bear,
but was not aware we had a lady
within the confines of Clearfield coun-
ty who not only is an emulatrix of the
famed Diana, but possesses all the
courage "Betsy" showed when she
went to "Pap's" rescue and put the
cleanser on the bear "Pap" crowded
about slaying. The lady we have in
mind is a Miss Hubler, of the old-
time Cooper and Graham township
family of that name. This lady who
spent all of her 42 summers, and win-
ters, too, in that section, is house-
keeper for Isaac W. Pace, who re-
sides in the Pinchotola section of
Graham township.

For a time bears have been annoy-
ing farmers in that region and on
Wednesday last a bear seized and
killed a sheep within sight of the
road about a quarter of a mile from
the Pace home. Thursday last Miss
Hubler walked into Kyertown, some
four miles distant, to do some shop-
ping and enroute home in the evening
when she reached a point near the old
Doc Schoonover mill, less than a
quarter of a mile from her home she
saw three bear cubs playing in the
sand in the roadway. The little
fellows were not much larger than
good-sized cats and when Miss Hub-
ler spied them she made for them
and the little fellows promptly shined
up a tree along the road, hissing
and snarling at their pursuer. Once
in the tree the little bears set up a
wailing or S. O. S. signal that soon
brought the answer.

A crashing was heard in the brush
in the direction of the carcass of the
slain sheep already mentioned and al-
most instantly a very much peeved
mother bear burst into view in search
of the intruder disturbing her family
and charged right up to the foot of
the tree upon which her now loudly
squealing babies were located.

When she heard the old bear com-
ing, Miss Hubler seized a 5-foot white
oak club some tenmaster had been us-
ing as a look-bar when hauling lum-
ber and prepared to defend herself
from the attack of the enraged bear.
It was well she found so formidable
a weapon handy as the infuriated
mother bear charged right up to the
tree, forcing the woman to take re-
fuge behind the tree. She swung her
club viciously at the bear, which
dodged the blow like a trained boxer
and again lunged at the woman, who
did not appear to be the least bit ex-
cited, being determined, as she said
later, to possess herself of one of
those cubs. She struck again with
her club as the bear raced around to-
ward her and this time succeeded in
whacking the old bear a resounding
blow across the snout. The bear re-
ared back in its pain and arose on its
haunches as though to resume the at-
tack, when one of the now very much
excited cubs lost his hold on the limb
he was clinging to and tumbled to the
ground about midway between the
mother bear and her adversary. The
mother instinct drove all thoughts of
further war out of the old bear's head
and ambling up to her fallen young-
ster who had the kind knocked out of
him temporarily by his fall, she
nuzzled him over a time or two with
her nose and as the little fellow sig-
nally got his bearings he scooted into
the woods, the mother closely follow-
ing after him.

About this time a couple of neigh-
bors drove along the road in a wagon
and Miss Hubler enlisted their serv-
ices in helping her capture the re-
maining pair of cubs. One of the men
climbed the tree and brought the lit-
tle bears to earth, turning them over
to Miss Hubler after complimenting
her on the fight she had put up to
secure them. The cubs, which tipped
the scales at even twelve pounds,
were taken home by the woman and
a pen prepared for them, where they
have been visited and admired by all
the neighbors of that section.

Some of these old maid sure do

TRINITY CHURCH ITEMS

The Missionary offering yesterday
morning by the Bible School was ex-
actly \$1100 all to go through Cen-
tenary. Mrs. A. H. Woodward pre-
sented in informing way the interests
of Missionary education, and the
opportunities for securing training
in a complete course, offered by the
Eagles Mere Institute, Religious Edu-
cation Extension School at Carlisle
and the Carrie Barge House party in
Williamsport Dickinson Seminary.
Attendance dropped 60 from last
year.

The morning congregation listened
to an exposition of Rev. 1: 12-13 at
night the pastor gave an exposition
of the experience of the young noble-
man, Isaiah 6: 1. Strangers were in
Trinity for worship. The music was
strong and soulful.

In the afternoon the pastor preach-
ed at Mt. Zion to a goodly company
mostly young people. Rev. Jos. E.
Gearhart was in charge of the service.

The President-Manager of the Chamber of Commerce of Oklahoma City is Ed. Overholser, one of the prominent business men of the southwest.
For thirty-two years he has served the people of Oklahoma with compensation, save that of gratitude.
Telling about his father, also a leading business man, in an article in Forbes magazine recently, he said:
"My father always insisted that the only excuse for dishonesty was the full and free confession that you were inferior to your fellow-man and could not get what you wanted by honest methods."
Just read that again—think that over.
Isn't it true?
Isn't it true that dishonesty places a stamp of inferiority upon a man?
No real man is dishonest.
No high calibred man resorts to shady practices, to cheating, to misrepresentation, to lying, to defrauding.
He doesn't need to.
He's big enough, resourceful enough, intelligent enough to win his way through life without stooping to such things.
The dishonest man knows he is dishonest. He may ease his conscience by reflecting upon his temporary success. But deep down in his heart he feels cheap and small and mean.
Honesty is not merely the best policy, as the old saying runs, but it is also the only policy.
Dishonesty does not pay—cannot pay.
It stamps you as inferior to your fellow-men—as lacking in the ability to succeed by honest methods.
Honesty will rate you as a superior individual.

President Harding will enter his campaign for renomination and re-election 100 per cent dry.

Evidence of the complete swing of the President to the "dry" side of the prohibition controversy as it may affect his own political fortunes or those of the national Republican party has been accumulating, but not until this week was convincing proof given of the President's leanings.

When the Supreme Court of the United States decided that American ships could sell liquor outside the three-mile limit until a law of Congress prohibits it, the chief executive had the power to revoke the instructions given originally to the United States shipping board to cease selling liquor. His first orders were issued when the legal phases of the matter were in doubt and it was natural for the President to stop the practice until a decision had been reached.

Now, however, the decision has been made. It is lawful to sell liquor outside the three-mile limit. Congress can act but hasn't. At least eight months must elapse before the law-making branch of the government is in session again and it might take even longer than that to get action on any bill to prohibit the sale of liquor on government ships, for this kind of a measure would not be passed without considerable debate, especially on the economic disadvantages of putting American ships on an unequal basis with vessels flying foreign flags.

The President made up his mind to keep the American ships "dry." Just what actuated him in his decision is not, of course, being publicly explained, but it was the first case in which Mr. Harding could have granted the "wets" a point if he had been disposed to keep free from the controversy itself and take the position that Congress alone could bring about modification in the existing situation, both with respect to the eighteenth amendment and the Volstead law.

Mr. Harding feels that America is committed to the dry side of the argument by a constitutional amendment and that it is his duty to carry out the spirit as well as the letter of the federal constitution, which his oath of office requires him to uphold.

You Can Save More!
Saving just a little is mighty good practice, but that's just about all it is; Practice. Buckle down to WORK and save as though you meant it. Your bank balance will mount like the mercury in a thermometer when the August sun strikes it.
"Save a little" is a fine slogan, but "Save MORE" is an even better one. If you haven't ANY kind of a saving slogan, you can start on the first; but after you get started, the second one is the one to adopt. LEWISTOWN HOME BUILDING FIRM IS GETTING BUSY TOO

Lewistown, May 5.—The board of directors of the Lewistown Housing and Development Company is meeting this afternoon at the Y. M. C. A. and the president of the company authorized the announcement that the Viakase Company would finance the Housing Company in the construction of 100 dwellings in addition to the 100 homes that had already been upon the company's program for erection this spring and summer.

This brings the Housing Company's building program up to 200 new homes for Lewistown this year, the erection of these structures involving a financial outlay of more than \$300,000, which with the city's other building activities will take the grand total of money expended upon construction work well over the million dollar mark for 1923.

Rids will be asked tomorrow for 20 of the houses, which will be of a different type from those already built on South Wayne street. Most of the new houses will be placed on South Wayne and South Grand streets with a few on South Main street. After these 200 houses have been finished that section of the Housing and Development Company's tract will be about built up and the company will very probably turn its attention to the systematic development on the northeast side of the state road.

G. W. GALLAHER

After an illness of a few days, G. W. Gallaher of New Washington, Clearfield county, passed away on Sunday morning, April 29th, at seven o'clock. Mr. Gallaher, the son of Crawford and Mary Hallman Gallaher, was born within the limits of the present borough of New Washington on January 17th, 1884 and was therefore in the ninetieth year of his age. His grandfather, James Gallaher, Sr., was the pioneer settler of that part of Clearfield County and as Mr. Gallaher was a young man of twenty when his grandfather died at the age of 95, Mr. Gallaher's knowledge and experience of pioneer life was very complete and most interesting.

Mr. Gallaher is survived by his wife, Elizabeth Hallesen, and five children: Mrs. Mary Feltwell, Mrs. Sue Dowler, Sarah, Ada and William H. Gallaher, and by one sister, Mrs. Mary Williamson of Blaine City.

Mr. Gallaher was well known among the lumbermen of the West Branch and was one of the most successful of the raftsmen of the Susquehanna.

No. 6. E. Flegel.
When the smoke had cleared away the figures showed that Edward Flegel was the undisputed champ of the city with Robert Shull second and Fred Fletcher third. The contest was run under the auspices of the Y. M. C. A. with Secretary Pierce as master of ceremonies and the walk affair was very ably and fairly managed. The idea struck a popular chord, not only among the boys but among the older people as well and a big crowd was on hand to witness the shooting.

quehanna. Men of mature years now living recall with pride that their first "trip down the river" was under the guidance of G. W. Gallaher. Most of his life Mr. Gallaher filled one and another of the borough offices, discharging every detail of every responsibility with fidelity and care. Although frequently solicited by his many friends to be a candidate for larger positions, he steadfastly refused. The exalted type of citizenship for which he stood constituted in his estimation a man's job, and faithfully he completed his work. He never became a member of any society or organization, he wanted to be just a citizen of the United States. His mother was the founder of the Methodist Episcopal church at New Washington and to that church Mr. Gallaher adhered all his life and in its communion he died.

A CORRECTION

In a recent report of the Clean-Up Committee it was reported: "The lot in the rear of Mrs. Fred Bett's residence appears to have been used for a dumping depository for debris of all kinds."

It develops that the property referred to is the Betts property on Second street and not the residence on Old Town Road, which is always kept in a fine condition.

Every Day, in Every Way They Get More and More Reckless at Ry. Crossing

Harrisburg, May 7. (United Press.)—More recklessness among motorists than ever before was reflected by the report on the number of grade crossing accidents this year announced today by the Bureau of Accidents of the Public Service Commission.

"The recklessness of automobile drivers is particularly reflected in the reports relating to collisions with lowered crossing gates," said the report.

The report covered the first three months of this year with comparisons to the same quarter of last year. In addition to collisions with trains 127 automobiles were reported as running into and through lowered crossing gates.

A total of 238 accidents was reported for the past quarter with 33 killed and 143 injured. This is an increase over the same period last year of 126 accidents, 5 deaths, and 74 injured. Eighty-five per cent of the crossing accidents were collisions of trains and automobiles as a result of which 21 auto occupants were killed and 110 injured.

Two occupants of wagons and 9 pedestrians were killed at grade crossings. Three of the pedestrians were killed after having crawled under lowered gates.

While 141 accidents occurred at unprotected crossings 97 occurred where some form of protection has been installed.

MENIHAN'S ARCH-AID SHOES
Your Foot and Your Age
SCIENCE tells us that a woman's age is clearly told by the degree of beauty which her foot retains. Fallen arches come with advancing years. But misses and matrons—don't dread them—prevent them. Retain the youthful and beautiful arched slenderness of your foot by wearing Menihan's Arch-Aid Shoes.
These celebrated shoes are scientifically built to retain the natural strength and beauty of the foot by providing a sure, gentle arch support. But don't associate these shoes with the so-called "ugly" corrective footwear. The two strap model featured illustrates the smart, modish custom lines of Menihan's Arch-Aid shoes. This is but one of the many styles which are available in sizes from 1 to 12 and in widths AAAA to EE.

PLEASE TAKE MILK IN AS SOON AS DELIVERED
Many folks are allowing the milk delivered early in the morning to remain on the porch many times in the direct rays of the sun. This is bringing complaints about sour milk which could be obviated if the milk was taken to the house and placed where it is cool.
The fact that the milk sours when left in the sun for any length of time is not due to any impurities in the milk, but due to the warming influence of the sun's rays, which will sour milk quicker than placing on a hot stove.
Please arrange to take your milk in as soon as delivered.

\$1000.00 for the 1st selection \$750.00 for the 2nd selection
\$500.00 for the 3rd selection \$250.00 for the 4th selection

Read carefully the terms of this offer so that you may have the fullest opportunity to share in its benefits. The conditions are simple and fair that every housewife in the United States can take part in this National Recipe Festival!

There Is No Other Food Like Grape-Nuts

WHILE practically every man, woman and child in the English-speaking world knows Grape-Nuts as a delicious, nourishing and wholesome cereal, and while it is common knowledge that Grape-Nuts with milk or cream is a complete food, many housewives do not know of the appetizing and economical dishes that can be prepared with Grape-Nuts. It lends itself, we believe, to more uses than any other cereal. The convenience and economy of Grape-Nuts, and the zest and wholesomeness which it imparts to other food, make it invaluable in every home.

Frequently we receive interesting letters from women throughout the country, telling about the attractive dishes they make with Grape-Nuts—delicious puddings, salads,

dressings for fowls, etc. No doubt there are thousands of women who are finding varied uses for Grape-Nuts in their home cooking, and even more thousands who will be glad to learn of those varied uses; for while we all cling to old favorite dishes, we also welcome and enjoy a change.

So that is the thought back of our offer of more than \$7500.00 in cash for new ways of using Grape-Nuts. To those women who are already using Grape-Nuts in various ways, other than as a breakfast cereal or in the recipes given here, and to those women who would like to try their hand at developing some new way to use Grape-Nuts, we offer to buy \$50.00 each not less than 101 new Grape-Nuts Recipes. We plan to include these new Recipes in a beautifully illustrated cook book.

What Is Grape-Nuts?

Grape-Nuts is a highly nutritious food in the form of crisp, golden granules. It contains the full nutrient of wheat and barley, including vitamin-B and mineral elements required for building sturdy health. These elements are often lacking in the ordinary diet, chiefly through over-refinement in the preparation of food.

No other food is so thoroughly liked as Grape-Nuts. More than 100 million are consumed in the baking process which makes Grape-Nuts easy to digest, and also develops a natural sweetness from the grains themselves.

The form and crispness of Grape-Nuts invite thorough mastication—a decided advantage because this not only provides proper exercise for the

teeth, but makes for good digestion.

Every housewife in the land should take advantage of this extraordinary opportunity to earn the tidy sum of \$50.00 by a little pleasant and educational effort in her own home. Also the fair and equal chance to secure one of the liberal awards to be made by Good Housekeeping Institute.

Moreover, there's the greater knowledge of the value of Grape-Nuts, not only as a delicious breakfast cereal, but in the preparation of a variety of appetizing dishes that add to the health and pleasure of the whole family.

Where you don't find Grape-Nuts you won't find people who don't like them.

Conditions Governing the Purchase of, and Awards for Grape-Nuts Recipes

The Postum Cereal Company will buy not less than 101 Recipes or suggestions for new uses of Grape-Nuts, paying \$50.00 for each one accepted. This offer is open to every woman in the United States.

Good Housekeeping Institute, conducted by Good Housekeeping Magazine, will decide an award of \$2500.00 for the best four of the 101 or more Recipes or suggestions for new uses of Grape-Nuts, so purchased. \$1000.00 for the 1st selection; \$750.00 for the 2nd selection; \$500.00 for the 3rd selection; and \$250.00 for the 4th selection.

Recipes must be mailed between May 1st, 1928 and August 31st, 1928.

Recipes or suggestions for new uses submitted for purchase must not duplicate any of the recipes printed in this announcement.

No Recipe will be purchased from anyone directly or indirectly connected with the Postum Cereal Company, Inc., or Good Housekeeping Institute.

If more than one Recipe is offered, each must be written on a separate sheet. Write name of address plainly on each Recipe submitted.

In the event of a tie for any award offered,

an award identical in all respects with that offered will be made to each one tying.

It is not necessary to purchase Grape-Nuts. A suitable quantity will be sent upon request to those desiring to submit recipes.

Your Recipe should state the exact number intended to be served. Recipes should be carefully tested to make sure that proportions and directions for preparing will bring best results.

Form of Recipe: First, write name of your Recipe at top of sheet; underneath list all ingredients, using level measurements only; then the directions for preparing, worded simply and accurately. Do not send specimens.

In considering Recipes for purchase, and for awards by Good Housekeeping Institute, account will be taken of the following points:

(a) Palatability.
(b) Simplicity and economy.
(c) Accuracy and clearness of expression of recipe.

Announcement of the Recipes purchased, and awards by Good Housekeeping Institute, will be made in January Good Housekeeping.

Recipes submitted to the Postum Cereal Company for purchase will not be returned.

Below are ten Recipes showing a few of the many appetizing dishes that can be made with Grape-Nuts. Read them over, try some of them, and then you will find it easy to work out a new Recipe or think of a new use for Grape-Nuts, that we may purchase. And remember, your Recipe or suggestion for new use of Grape-Nuts may also merit one of the large awards.

GRAPE-NUTS Ice Cream
Prepare plain flavored ice cream in the usual way. Just before the cream hardens in freezing, add Grape-Nuts as it comes from the package, in the proportion of one-half cup of Grape-Nuts to one quart of ice cream. If you buy ice cream ready made, add Grape-Nuts in place of nuts. You'll find this refreshing flavor unique.

GRAPE-NUTS Salad
1 cup Grape-Nuts 2 tablespoons lemon juice
1 sliced orange 2 tablespoons dressing
1 cup cubed pineapple 1 cup salad dressing
Cut up the fruit, add lemon juice, mix with Grape-Nuts, and serve with dressing. Makes four to six portions.
GRAPE-NUTS Six Minute Pudding
1 cup Grape-Nuts 1 tablespoon sugar
1/2 cup milk 1/2 cup raisins
Cover Grape-Nuts with milk. Add sugar, raisins, and a little nutmeg. Cook six minutes directly over the heat, stirring constantly, and serve with any good pudding sauce. Makes four to six portions.

GRAPE-NUTS Cookies
1 cup Grape-Nuts 1/2 cup flour
1/2 cup shortening 2 teaspoons baking powder
1 1/2 cups light brown sugar 1/2 teaspoon salt
1/2 cup milk 1/2 cup raisins
1 egg 1 cup chopped nuts
Cream shortening and sugar. Add milk and egg well-beaten. Add well-sifted dry ingredients, and mix thoroughly. Roll into balls, and bake in a hot oven for 15 minutes. Bake in a moderate oven for 20 minutes. Makes four to six portions.

GRAPE-NUTS Cheese Casserole
1/2 cup Grape-Nuts 1/2 cup pepper
1/2 cup milk 1/2 cup cheddar cheese
1 tablespoon butter 1/2 cup tomato sauce
1/2 teaspoon salt 2 eggs
Sauté the milk. Add Grape-Nuts, butter and the latter slightly beaten. Pour in a moderate oven for 15 minutes. Bake in a moderate oven for 20 minutes. Makes four to six portions.

GRAPE-NUTS Fruit Pudding
1 cup Grape-Nuts 1 pint boiling water
1 package lemon-meringue 1/2 cup raisins

Some things you should know about your heart

THE first thing a physician examines, when summoned, is the heart pulse. A normal heart will beat one hundred and three thousand times each day. You depend on it to beat every second of your life. You realize the heart should not have to overwork constantly to throw off blood impurities. It is impurities which in crowd the heart beat. More red cells mean a purer, richer blood. They are a nerve power, because all your nerves are fed by your blood. This means freedom from pimples, from blackheads, from boils, eczema and skin eruptions; from rheumatic impurities, from that tired, exhausted, run-down feeling. Red cells are the most important thing in the world to each of us. S. S. S. will build them for you! S. S. S. has been known since 1820 as one of the greatest blood-builders, blood-cleansers and system strengtheners ever produced.

Mr. Arthur A. Smith, 300 S. Ada St. Chicago, Ill., writes: "After suffering with bad boils, I commenced using S. S. S. I wish to say that it came to all expectations, and relieved me of boils. I wish to express my appreciation to the S. S. S. Co. for me."

Try it yourself. S. S. S. is sold at all food drug stores. The true S. S. S. is more economical. Get a bottle today!

You sure get lots of work out of that team.

That's right. O-Molene keeps them in fine shape all the time.

It's the KIND of Feed—NOT the Amount

A WELL fed horse from the standpoint of quality may be in poor condition. This is so because just a monotonous diet of oats or corn with hay fails to keep him in real fine shape.

Dry, tasteless oats are not appetizing and generally only partially digested.

Horses that are fed in the cities in this fashion, and never are turned out on pasture for a few weeks each summer, rapidly lose their strength and vigor. They die much earlier than horses which are given a variety of feed. This is because the animals' bodies demand certain things, which cannot be supplied in oats and corn.

Purina O-Molene has the necessary variety. O-Molene is not only more appetizing than ordinary feeds but it is more digestible. It takes less of O-Molene than the usual grain rations because it is completely balanced and does not have too much of one ingredient and not enough of another.

BASEBALL PLAYERS

Limbering Up Now With Joint-Ease

After the game of practice Joint-Ease takes the kinks, lameness and soreness out of your throwing arm so quickly that you'll want to start all over again in a few hours.

It's great stuff—speedy and sure, and your stars are wise to it.

Just a few minutes' rubbing and this great, painless Joint-Ease soaks right in through skin and flesh right to the ligaments and tendons and bones—exactly where the soreness is.

Ask for a tube of Joint-Ease and keep it handy, as thousands of other ball players do. Costs but a trifle at drugists.
